- 1.1 The Procuring Entity named in **the Data Sheet** will select a firm/eligible institution among those listed in the Letter of Invitation, in accordance with the procurement method indicated in **the Data Sheet**, method detailed in the edition of the Guidelines indicated in **the Data Sheet**.
- 1.2 The shortlisted Bidders are invited to submit a Technical Proposal and a Financial Proposal for fee based services required for the assignment named in **the Data Sheet** and presented in details in the Terms of Reference attached as Section 5 of this Bidding Documents. The proposal and the Terms of Reference will be the basis for contract for a signed contract with the successful firm.
- 1.3 The assignment shall be implemented in accordance with the phasing indicated in **the Data Sheet**. When the assignment includes several phases, the performance of the Bidder under each phase must be to the Procuring Entity's satisfaction before work begins on the next phase.
- 1.4 The Bidders must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain firsthand information on the assignment and on the local conditions, Bidders are encouraged to request the Procuring Entity to provide further information before submitting a proposal and to attend a pre-bid conference if one is specified in **the Data Sheet**. - 1.5 The Procuring Entity will provide the inputs specified in **the Data Sheet**, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 1.6 Please note that (i) the costs of preparing the proposal, including a visit to the Procuring Entity, are not reimbursable as a direct cost

of the assignment; and (ii) the Procuring Entity is not bound to accept any of the proposals submitted.

- 1.7.2 Since previous or ongoing participation in relation to the assignment by the Bidder, its professional staff, or its affiliates or associates under a contract with the SADC Secretariat and Procuring Entity may result in rejection of the proposal, the bidders should clarify their situation in that respect with the Procuring Entity before preparing the proposal.
- 1.7.3 Bidders may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in **the Data Sheet** and the factors used for the selection of the Bidder should take the likelihood of continuation into account. TECHNICAL ASSISTANCE TO SADC SECRETARIAT ON STRENGTHENING INSTITUTIONAL CAPACITY

PROJECT: EXPANDED INSTITUTIONAL CAPACITY BUILDING (EICB) PROGRAMME

2. BACKGROUND

- 1.1 SADC is a regional economic community, comprising 16 Member States . The SADC region spans an area of just over 5,550,000 km² and had more than 380 million inhabitants in 2021. SADC seeks to achieve development, peace and security, economic growth, alleviate poverty, enhance the standard and quality of lives of the peoples of Southern Africa, and support the socially disadvantaged through regional integration, built on democratic principles and equitable and sustainable development.
- 1.2 SADC is part of the wider continental and global communities, and as such, it is one of the key building blocks of integration at the continental level. This makes it imperative to ensure that all the organisation's strategies, policies, programmes, and activities are being implemented with a view to contributing towards the continental ideals espoused in the AU's Agenda 2063.
- 1.3 At the global level, SADC's development agenda is guided by the UN's Sustainable Development Goals. In September 2015, the UN General Assembly agreed to set the world on a path towards sustainable development through its adoption of the 2030 Agenda for Sustainable Development, comprising of 17 aspirational global goals with 169 targets across them. These 17 goals represent

a global consensus on the key common challenges facing humanity and provide a framework for cooperation in development.

- 1.4 The SADC Regional Integration and Co-operation Agenda is articulated in the Treaty establishing SADC and in the Regional Indicative Strategic Development Plan (RISDP) 2020-2030. The co-ordination responsibilities for regional integration are centralised in the SADC Secretariat based in Gaborone (Botswana), which has the overall responsibility for strategic planning, facilitation, co-ordination and management of all SADC Programmes. The SADC Secretariat is responsible for organising and hosting regional level platforms whose outcomes will have technical and strategic implications for the formulation and implementation of interventions. The activities will translate inputs into regional level outputs that contribute to the achievement of outcomes and, finally, the ultimate goal.
- 1.5 To operate as a functional and effective regional economic community, SADC must have in place the necessary capacity at both regional and national level to ensure that the organization functions as a coherent and collective body in pursuit of the regional integration agenda. RISDP 2020–2030 aims to enhance and facilitate implementation through strengthening and maximising institutional capacities and synergies amongst the stakeholders to achieve efficiency in resource use. Continued focus on building the capacity of Secretariat and of Member States will improve efficiency based on their needs.
- 1.6 To address the capacity challenges, SADC Secretariat will be implementing the Expanded Institutional Capacity Building (EICB) Programme which will build on the achievements of the Integrated Institutional Capacity-Building (IICB).
- 1.7 The overall EICB Programme is to accelerate implementation of the RISDP 2020-30 through targeted capacity building initiatives at the Secretariat and Member States.

 - (3) where a variation is necessitated by a default or breach of contract by the Contractor, any additional cost attributable to such variation shall be borne by the Contractor.
- 2.6.5. Following the receipt of the Contractor's proposal, the Task Manager shall decide as soon as possible whether or not the variation shall be carried out. If the Task Manager decides that the variation shall be carried out he/she shall issue the administrative order stating that the variation shall be carried out under the conditions given in the Contractor's proposal or as modified by the Task Manager in accordance with pursuant to Clause GC 2.6.4.
- 2.6.6. On receipt of the administrative order requesting the variation, the Contractor shall proceed to carry out the variation and be bound by these General Conditions in so doing as if such variation were stated in the contract.
