3. Fraud and Corruption

3.1 The SADC Secretariat requires its staff, as well as the economic operators interested in entering into procurement contracts financed by SADC Secretariat, including their affiliates and subcontractors, to observe the highest standard of ethics during the selection and execution of contracts. In pursuance of this policy, the SADC Secretariat:

(a) defines for the purposes of this provision, the terms set forth below as follows:

(i) “corrupt practice” is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

(i) will reject the bid for award;

(ii) will declare the bidder/the contractor, including its affiliates, ineligible, either indefinitely or for a stated period of time, to become a SADC Secretariat contractor;

(iii) will cancel or terminate any ongoing contract with the bidder/the contractor;

(iv) will request the relevant national authorities to conduct a joint investigation with SADC Secretariat to inspect or carry out audits of the bidder/the contractor’s accounting records and financial statements in connection with the contract in question for which it was found guilty of engaging in corrupt, fraudulent, collusive, coercive, or obstructive practices;

(v) will en-cash the bid or performance securities of the bidder/the contractor;

(vi) will suspend any payments due to the bidder/contractor, under the contract in question or any other contract the bidder/contractor might have with the organization, until the extent of damage caused by its engagement in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for the SADC Secretariat’s contract are determined and recovered, and

(vii) will sue the bidder/contractor to recover the damages caused by its engagement in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for the contract in question, if they are not fully recovered by the securities and the payments otherwise due to the bidder/contractor.

4. Conflict of Interest

4.1 A bidder or a contractor shall not be allowed to get engaged in any procurement process for delivery of any kind of services, goods or works that would be in conflict with their prior or current obligations to other clients, or that may place them in the position of being unable to carry out the contract in the best interest of the Procuring Entity. Without limitation, bidders or contractors shall not be hired under the circumstances set forth below:

(a) Conflict between consulting activities and procurement of goods, works or services (consulting or general). A bidder or a contractor that has been engaged by the Procuring Entity to provide goods, works, or services for the organization, and each of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a bidder or a contractor hired to provide consulting services for the preparation
or implementation of a project, and each of its affiliates, shall be disqualified from subsequently providing goods, works or general services resulting from or directly related to the contractor’s consulting services for such preparation or implementation.

(b) Conflict among consulting assignments: Neither, bidders or contractors (including their personnel and sub-consultants) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the bidder or contractor. For instance, a contractor assisting Procuring Entity to implement a project shall not be engaged to prepare an independent assessment for the implementation of the same project, or contractors hired to prepare Terms of Reference (TOR) for an assignment shall not be hired for the assignment in question.

(c) Relationship with Procuring Entity’s staff: bidders or contractors (including their personnel and sub-contractors) having business or family relationship with a member of the Procuring Entity’s staff directly or indirectly involved in any part of: (i) the preparation of the TOR or Technical Specification of a contract, (ii) the selection process for such contract, or (iii) the supervision of the contract, may not be awarded the contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Procuring Entity throughout the selection process and the execution of the contract.

5. Eligible Applicants

5.1 To foster competition, the SADC Secretariat permits all economic operators and individual consultants to be awarded a SADC Secretariat contract.

5.2 However, to ensure efficiency of the procurement processes, the Procuring Entity restricts the bidding process to only prequalified eligible economic operators and individual consultants.

5.3 All applicants and bidders must not be included in the conditions described below, constituting exclusion criteria:

a) they are being bankrupt or are having their affairs administered by the courts, have entered into arrangements with creditors, have suspended business activities, are being subject of proceedings concerning those matters, or are being in any similar situations arising from a similar procedures provided for in the national legislation or regulations of the SADC member states;

b) they have been convicted of offences concerning their professional conduct by a judgment which has the force of res judicata; (i.e. against which no appeal is possible);

c) they have been declared guilty of grave professional misconduct proven by any means which Procuring Entity can justify;

d) they have not fulfilled obligations related to the payments of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those countries where the contract is to be performed;

e) they have been the subject of a judgment which has the force of res judicata for fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the Procuring Entity’ financial interests; or
f) they are being currently subject to an administrative penalty.

5.4 Points (a) to (d) shall not apply in case of purchasing supplies on particularly advantageous terms from either a supplier definitively winding up its business activities, or the receivers or liquidators of a bankruptcy, through an arrangement with creditors, or through a similar procedures under the national law.

5.5 The Procuring Entity will accept, as satisfactory evidence, that the applicant or the bidder is not in one of the above situations described in (a), (b) or (e), on submission of a recent extract from the judicial record, or failing that, a recent equivalent document issued by a judicial or administrative authority in the country of origin showing that those requirements are satisfied. The Procuring Entity will accept, as satisfactory evidence, that the applicant or bidder is not in the situation described in (d), on submission of a recent certificate issued by the competent authority of the State concerned. Where no such documents or certificates are issued in the concerned country, and for other cases of exclusion listed above, they may be replaced by a sworn / solemn statement (affidavit) made by the interested party in front of a judicial or administrative authority, a notary, or a qualified professional body in its country of origin or provenance.

5.6 The Procuring Entity takes into account that – as a rule – the exclusion criteria are related to the legal entity/natural person acts acting as a bidder or applicant and not to the representatives in case of legal entities. However, depending on the legislation of the country where the bidder or applicant is legally established and if the Procuring Entity considers necessary or has reasonable doubts concerning the personal situation, the above documents may also relate to natural persons, including company directors or any person with power of representation, decision-making or control in relation to the bidder. Whenever an applicant or bidder, due to its nature (for instance, national public administrations and international organizations), cannot fall into one of the above categories and/or cannot provide the documents indicated above, a simple declaration explaining their situation will suffice.

5.7 For procurement under restricted procedure, the compliance with the eligibility criteria will be assessed during the prequalification phase. Hence, the documentation proving that the applicant does not fall in any of the categories defined in the exclusion criteria, shall be submitted along with the application form for prequalification.

5.8 The date on the evidence or documents provided must be up to one (1) year before the date of submission of the application or proposal. Applicants must, in addition, provide a statement confirming that their overall situation has not weaken in the period since the evidence was drawn up to the date they submitted the bid.

5.9 The above required documents shall be submitted by the applicant, and in case of a joint venture, by all joint venture members. The documents may be originals or copies. If the documents are copies, they shall be certified by a public notary. However, at the Procuring Entity request, the applicant or bidder must be able to provide any original document.

5.10 If sub-contractors are employed by the applicant or bidder, the same rules apply.

5.11 If the supporting documents are not written in English, an official and certified translation into English must be attached.

5.12 If so stated in the PDS, for contracts with a value less than the international threshold
(US$ 350,000) and based on its risk assessment, the Procuring Entity may waive the obligation of submission of the documentary proof for exclusion criteria. However, when this obligation has been waived, the Procuring Entity shall still request a sworn / solemn statement issued by the interested party in front of a judicial or administrative authority, a notary or a qualified professional body from the applicant’s country. Nevertheless, the Procuring Entity – at its own criteria- keeps the right to request bidders documents proving their compliance to the eligibility conditions.

5.13 Contracts may not be awarded to applicants or bidders who, during the procurement procedure:

a) are subject to a conflict of interest;

b) are guilty of misrepresentation when submitting the information required by the Procuring Entity as a condition of participation in the contract procedure, or fail to submit this information;

PART 2 – Contract Requirements
Section VI. Contract Requirements

Contents

1. Description of the Contract Requirements................................................................. 3
1. Description of the Contract Requirements

SADC is involved in various trade agreements and negotiations with third parties, such as the COMESA–EAC–SADC Tripartite Free Trade Area formally launched in 2015, the Continental Free Trade Area (CFTA) at the African Union level and the Economic Partnership Agreements (EPAs) with the European Union signed in June 2016, by the six (6) SADC States (Botswana, Eswatini, Lesotho, Mozambique, Namibia, and South Africa) on the one hand and the EU on the other hand. It provides duty-free, quota-free market access for the five beneficiary States of Botswana, Eswatini, Lesotho, Mozambique and Namibia. In reciprocity, the EU receives preferential treatment for their products into the SADC EPA market. The Agreement was ratified by all Parties.

In order to further trade and market integration, the Trade Facilitation Programme (TFP) was formulated to focus attention on the SADC Protocol on Trade and will support implementation of the Economic Partnership Agreement (EPA). The TFP is intended to address implementation issues at the regional level.

The TFP programme is one programme of a complementary package of programmes intended to advance the regional economic integration agenda. The other ongoing programmes under the 10th European Development Fund (EDF) are the Project Preparation Development Facility (PPDF) and the Trade Related Facility (TRF). The PPDF funds the preparation of financing proposals for sizeable economic infrastructure investment projects within the SADC region. Thus the PPDF aims to address the infrastructure aspect of the constraints to higher levels of economic growth and deeper regional integration. The TRF is addressing the constraints to regional integration at the level of the Member States in respect of the Protocol on Trade (STP) and the implementation of the SADC Economic Partnership Agreement (EPA).

Another Programme under 10th EDF which phased out in December 2018 is the Regional Economic Integration Support (REIS) Programme. REIS supported aspects of the Protocol on Finance and Investment (FIP) and STP and negotiation and implementation of the EPA. The TFP will build on the assistance provided under the REIS Programme to implement the STP, broadening its scope (which under REIS was limited to trade in services negotiations; Sanitary and Phytosanitary (SPS) and Standards, Quality, Assurance and Metrology (SQAM) issues; and EPA negotiations and implementation).

The TFP will contribute to advancing inclusive economic development in the SADC region. Specifically, it will increase intra-regional trade flows by supporting trade facilitation. The implementation of trade facilitation programme in the SADC region will be a major contributory factor to the success of industrial development, regional value chains and market integration. It will consolidate the SADC Free Trade Area and it directly responds to the Industrialisation Strategy and Roadmap and the Revised Regional Indicative Strategic Plan, 2015-2020.
