BACKGROUND
1. The Regional Indicative Strategic Development Plan (RISDP) recognizes statistics as one of the cross-cutting Priority Intervention Areas. The overarching objective of the SADC Regional Statistical System (SRSS) is to support regional integration by making available relevant, timely and accurate regional statistical information to be used for policy formulation, planning, protocol monitoring and decision-making. The revised RISDP (2015-2020) cites the core area of focus of statistics, in line with the SADC Regional Strategy for Development of Statistics (RSDS), on harmonization of regional statistics, statistical capacity building in the region and development of regional statistical databases. The strategies to facilitate statistical development in SADC region include operationalization of the RSDS and development of the Protocol on Statistics as a regional legal framework to regulate statistical activity and as a tool for advocacy.

2. All SADC Member States have National Statistical Systems to produce and disseminate important statistical information for their respective information requirements. The available statistical data, in principle, constitute the main basis for the generation of regional statistics to inform regional policies, strategies and implementation plans. However, the variations amongst the National Statistical Systems both in terms of data coverage and statistical methods constitute a challenge for the consolidation and quality of regional statistics. In order to address this, a well-coordinated and regulated SADC Regional Statistical System (SRSS) is needed. Currently, there is no specific regional legal framework or instrument that formally defines or regulates the operations and development of the SRSS. In a de facto sense, it is constituted by partnerships between the Statistics Unit at SADC Secretariat and the National Statistical Systems of the respective Member States.

3. The revised RISDP (2015-2020) also recognizes the absence of a regional statistical legal framework as a major constraint for the Secretariat in performing its expected role with respect to the development of statistics. The instrument is required to ensure that the institutional arrangements for collecting, processing and dissemination of regional statistics are formalised and adequately capacitated. Guided by principles of the African Charter on Statistics, the envisaged Protocol should also provide a framework for enforcing compliance on minimum standards for quality statistics and for the Secretariat to be able to collect statistics from the Member States.

4. Article 21 of the SADC Treaty calls for Member States to co-operate in all areas necessary to foster regional development and integration on the basis of balance, equity and mutual benefit. It lists a range of areas for co-operation, including food security,
infrastructure, trade, social development, statistics and others. Article 22 mandates Member States to ‘conclude such Protocols as may be necessary in each area of co-operation, which shall spell out the objectives and scope of, and institutional mechanisms for co-operation and integration.’

5. It is expected that the Protocol on Statistics will enhance the level of statistical development both nationally and regionally, facilitating the pursuit of monitoring and measuring progress of development agendas at national, regional, continental and global level. Signature and ratification of the Protocol will be a demonstration of Member States’ commitment to the overall goals of statistical development in terms of political will, policy direction and resource allocation. Further, the Protocol is conceived as a binding instrument that will entrench and give legal effect to the statistical functions in the SADC region and is expected to give legal mandate to the SADC Secretariat to co-ordinate and provide oversight to the implementation of SRSS.

PURPOSE
6. The purpose of this exercise is to define the legal framework for co-operation on statistical development within and amongst the Member States of SADC. Such a framework should be aligned to the revised RISDP and cognizant of other existing SADC Protocols that are relevant. Further, it should be sufficiently robust to support the RSDS, as well as current and future developments in statistics. The content must cover, in context, the existing statistical developments in the region and be guided by the continental and international levels of statistical development to which the region must aspire. It will therefore be important to take account of relevant developments of such initiatives as the Strategy for Harmonization of Statistics (SHaSA), Agenda 2063, AfDB High-Five Transformational Agenda, SDGs, AUC Malabo Declaration and others relevant to the study.

OBJECTIVE
7. The objective of the assignment is to produce a Findings Report to identify relevant issues on statistical matters and produce a draft SADC Protocol on Statistics.

SCOPE OF WORK and METHODOLOGY
8. Scope: This assignment consists of reviewing relevant SADC policy and legal instruments as well as the current and future state of statistical developments in order to inform the development of a Protocol on Statistics to be adopted and ratified for implementation by SADC Member States.

9. Methodology: The assignment will be carried out primarily through a desk study. This will be complimented by consultations with SADC Secretariat and Member States to obtain critical elements to be considered for incorporation in the development of Protocol as well to obtain clarification on pertinent issues.

10. In particular, the consultant will be required to:
1. Review relevant SADC policy frameworks and strategies (including Revised RISDP, Protocols, etc) to determine high level goals and areas of development where Member States have agreed to co-operate.

2. Assess the national, regional and international environment for statistical development to ensure that the Protocol is sufficiently robust to address relevant issues

4. Present the Draft Findings Report to Member States and SADC Secretariat for input and discussion as a resource person in a validation workshop.

5. Prepare a revised Findings Report after incorporating inputs from validation workshop.

6. Prepare a draft SADC Protocol on Statistics

**DELIVERABLES AND MILESTONES**

11. Expected deliverables are as follows:

   i. A final detailed inception report, 1 week from start of the assignment, outlining the consultant’s understanding of the assignment and the approach to be employed. The inception report will be discussed prior to the commencement of the assignment;

   ii. Draft Findings Report, 6 weeks from submission of detailed inception report of the assignment incorporating:

       a. Policy and legal document review
       b. Key issues in the national, regional, continental and international statistical development environment
       c. Rationale and objectives for development of the Protocol
       d. Topics and detailed content for inclusion in the Protocol

   iii. Draft Protocol on Statistics

   iv. Revised Findings Report and draft Protocol on Statistics after validation workshop comprising Member States and Secretariat to review and validate content of the draft Findings report, 4 weeks after submission of draft Findings Report to Secretariat.

**CONTRACT DURATION**

12. The contract will run over a period **not exceeding four months**, inclusive of all the deliverables and milestones.

**QUALIFICATIONS AND COMPETENCIES**

13. The assignment requires the services of a Statistics Expert with the following minimum requirements:

**Qualification for the Statistics Expert:**

   i. A Master’s degree in statistics, economics or related field.
ii. At least 10 years’ experience in managing statistical functions in an National/international/regional economic integration setting

iii. Demonstrated experience in the development or implementation of National/regional/international policies in statistics. Experience in the drafting of the protocols/charters would be an advantage.

iv. In depth-knowledge of statistical developments at National/continental/global level in terms of policy frameworks and strategies.

v. Fluency in written and spoken English; knowledge of French and Portuguese would be an advantage.

BUDGET/ REMUNERATION

14. The budget ceiling for this assignment will be $30000 inclusive of travel and accommodation. The Consultant is expected to travel on one occasion to present the Draft Findings Report to the Project Coordination Team and Member States as a resource person in Pretoria, South Africa. In addition, the SADC team can request updates at any time during the course of the assignment. Regular communication would be via skype/video conference between Consultant and Project Coordination Team throughout the project.

The payment schedule will be as follows:

20\% of the contract value upon submission of Inception Report, detailing the methodology or conceptual framework to be employed, acceptable to the Procuring Entity;

50\% of the contract value upon submission of Findings Report and draft Protocol on Statistics, acceptable to the Procuring Entity; and

30\% of the contract value upon submission of Revised Findings Report and Protocol on Statistics, acceptable to the Procuring Entity.

PROJECT MANAGEMENT AND COORDINATION TEAM

15. The individual consultant will take full responsibility for the smooth and timely delivery of outputs for the project. The role of the Secretariat will mainly be to support the consultant with the relevant documentation and to make the necessary logistical arrangements for the assignment requirements. The SADC Secretariat will provide oversight through Mr. Mubita Luwabelwa, Director, Policy Planning and Resource Mobilization. At the technical level, the consultant will be supervised by the Project Coordination Team consisting of the Head of the Statistics Unit and the Legal officer to provide regular updates and respond promptly to the requirements of SADC Secretariat as well as stick to the timelines provided.

It may also request the provision of reasonable documentary evidence to support this. As stated in article 2.3 of this Contract, the Procuring Entity may delay or withhold payments in the event of non-compliance.

7. Assignment and Subcontracting

7.1 The Individual Consultant shall under no circumstances sub-contract, sublet, assign or transfer the Contract or any part share or interest in it. Where the Individual Consultant considers it necessary to use the services of a third party, (s)he shall inform the Procuring Entity’s Project Director in writing, and only once written approval is provided can the Consultant proceed to use a third party.

7.2 When the Project Director agrees that the activities under the contract can be performed by a third party, the third party involved in the delivery of services in this contract, will be under the direct control of the Individual Consultant. The Procuring Entity will not be responsible for the third party’s performance of duties or Services assigned to it, and neither for ensuring that conditions of employment are met nor for any other employment obligations relating to that person including, but not restricted to, taxation and insurance including professional indemnity insurance, employer’s liability insurance and public liability insurance.

8. Breach of the Terms

In the event of a breach of any Terms of the Contract, the party not in breach may serve a notice on the party in breach requiring the breach to be remedied within a period specified in the notice, not normally being longer than 30 days. If the breach has not been remedied before the expiry of the specified period, the party not in breach may then terminate the Contract in writing and may take appropriate steps to remedy the breach.

9. Liability of the Individual Consultant

9.1 The Procuring Entity will be relying on the Individual Consultant’s skills, expertise and experience in relation to the performance of the Services in accordance with this contract and also upon the accuracy of all representations and statements made and the advice given in connection with the provision of the Services.

9.2 In view of the reliance by the Procuring Entity set out in 9.1 above, the Individual Consultant agrees to indemnify at its own expense, protect and defend the Procuring Entity, its agents and employees, from and against all
actions, claims, losses or damages arising out of the Individual Consultant's performance of this contract provided that:

a) the Individual Consultant is notified of such actions, claims, losses or damages not later than 30 days after the Procuring Entity becomes aware of them;

b) the ceiling on the Individual Consultant's liability to the Procuring Entity shall be limited to an amount equal to the contract value but such ceiling shall not apply to any losses or damages caused to third parties by the Individual Consultant's willful misconduct; and

c) the Individual Consultant's liability shall be limited to actions, claims, losses or damages directly caused by such failure to perform its obligations under the contract and shall not include liability arising from unforeseeable occurrences incidental or indirectly consequential to such failure.

9.3 At its own expense, the Individual Consultant shall, upon request of the Procuring Entity, remedy any defect in the performance of the services in the event of the Individual Consultant's failure to perform its obligations under the contract.

9.4 The Individual Consultant shall have no liability whatsoever for actions, claims, losses or damages occasioned by the Procuring Entity omitting to act on any recommendation, or overriding any act or decision of the Individual Consultant, or requiring the Individual Consultant to implement a decision or recommendation with which the Individual Consultant disagrees or on which (s)he expresses a serious reservation.

10. Insurance

10.1 The Individual Consultant must ensure that full and appropriate professional indemnity insurance and third party liability insurance, is in place for all Services provided.

10.2 The cost of such insurances will be covered from reimbursable expenses of the contract.

10.3 Where national requirements or practices provide for different regulations/practices concerning insurance, the Individual Consultant may provide written confirmation of all insurances held and a signed declaration that these are in line with regulations/practices in their country of operation. Only if such confirmation has been provided, and written confirmation of its acceptance provided to the Individual Consultant by the Procuring Entity, will this remove the obligation to meet the requirements of clause 11.1 of this Contract in full.

10.4 All insurances effected by the Individual Consultant shall be effected with an insurer of good repute and the Individual Consultant agrees to maintain such insurances for a period of 1 year from the completion of the Services under this Contract so long as such insurance continues to be available upon reasonable terms at reasonable commercial rates failing which Procuring Entity shall be entitled to take out insurance itself to cover any potential liability to its own Procuring Entity in relation to the performance of the Services under this contract. The cost of such insurance shall be a debt immediately due from the Individual Consultant.
10.5 The provisions of this clause shall remain in full force and effect notwithstanding the completion of the performance of the Services hereunder and the satisfaction of all other provisions of this contract.

11. **Copyright**

11.1 Unless otherwise specified in the Contract, the title of the copyright and any other intellectual property rights arising out of the performance of this Contract shall be vested in the Procuring Entity which shall have the unfettered right to assign and grant sub-licenses in respect of the same. Except as permitted by the Terms of this Contract, the said materials shall not be reproduced or disseminated without proper consultation with, and written permission from, the Procuring Entity. This provision shall apply to the title to rights arising from the performance under this contract but shall not apply to the internal systems or rights in relation to the Individual Consultant’s own systems not created specifically for this purpose and where the same are an important part of the Services. The Individual Consultant shall grant a free and irrevocable license to the Procuring Entity and its assigns for the use of the same in that connection.

The Individual Consultant warrants that it is free of any duties or obligations to third parties which may conflict with this contract and, without prejudice to the generality of Term 9 above, agrees to indemnify the Procuring Entity against any and all actions, costs damages, direct, indirect or consequential, and other expenses of any nature whatsoever which the Procuring Entity may incur or suffer as a result of the breach by the Individual Consultant of this warranty.

12. **Non Disclosure & Confidentiality**

12.1 The Individual Consultant will treat all information and results obtained in discharging the Services under this Contract as confidential and will not disclose by any means whatsoever such results or material to any third party without the prior written consent of the Procuring Entity and will only use such information for the purposes of this Contract. In addition, the Individual Consultant shall not make any communication to the press or any broadcast (including, but not limited to, inclusion of information on a website) about the Services without the prior written agreement of the Project Director.

12.2 If the Individual Consultant violates clause 12.1, then (s)he will automatically and legally be held to pay the amount estimated as the minimum reasonable damages resulting from a breach of confidentiality. This is without prejudice to the right of the Procuring Entity to demonstrate that a higher amount of loss has or may be incurred as a result of liabilities held by the Consultant in relation to the Procuring Entity.

13. **Suspension or Termination**

13.1 In response to any factors out of the control of Procuring Entity and/or to breaches of contract by the Consultant, the Procuring Entity may at any time, by giving 30 days’ notice in writing, terminate in whole or in part or suspend the Individual Consultant’s performance of the Services. In such event, the Individual Consultant shall be entitled to payment pursuant to sub-clause 13.4 below. If such suspension continues for a period in excess of twelve months, then either party may terminate this contract forthwith by written notice to the other.
13.2 The Individual Consultant may also terminate the contract unilaterally, without providing any reasons for such decision, if (s)he gives a 30 days prior written notice to the Project Director.

13.3 In the event of early termination of the Contract under sub-clauses 13.1, 13.2 and 13.3 of this clause, the Individual Consultant shall be entitled to a fair and reasonable proportion of the fees payable for that part of the Services carried out up to the date of such termination or suspension but this shall not include any loss of profit or contracts or any other expenses, losses or claims arising out of such termination or suspension or consequential thereupon.

14. No Waiver

No forbearance shown or granted to the Individual Consultant, unless in writing by an authorized officer of the Procuring Entity, shall in any way affect or prejudice the rights of the Procuring Entity or be taken as a waiver of any of these Terms.

15. Variations

Any variation to these terms or the provisions of the Annexes shall be subject to a written Addendum and be signed by duly authorized signatories on behalf of the Individual Consultant and the Procuring Entity respectively.

16. Jurisdiction

This contract shall be governed by, and shall be construed in accordance with Botswana law and each party agrees to submit to the exclusive jurisdiction of the Botswana courts in regard to any claim or matter arising under this contract.
