4.1 A bidder or a contractor shall not be allowed to get engaged in any procurement process for delivery of any kind of services, goods or works that would be in conflict with their prior or current obligations to other clients, or that may place them in the position of being unable to carry out the contract in the best interest of the Procuring Entity. Without limitation, bidders or contractors shall not be hired under the circumstances set forth below:

- (a) Conflict between consulting activities and procurement of goods, works or services (consulting or general). A bidder or a contractor that has been engaged by the Procuring Entity to provide goods, works, or services for the

organization, and each of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a bidder or a contractor hired to provide consulting services for the preparation or implementation of a project, and each of its affiliates, shall be disqualified from subsequently providing goods, works or general services resulting from or directly related to the contractor's consulting services for such preparation or implementation.

- (b) Conflict among consulting assignments: Neither, bidders or contractors (including their personnel and sub-consultants) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the bidder or contractor. 5. Eligible Applicants

- 5.1 To foster competition, the SADC Secretariat permits all economic operators and individual consultants to be awarded a SADC Secretariat contract.
- 5.2 However, to ensure efficiency of the procurement processes, the Procuring Entity restricts the bidding process to only prequalified eligible economic operators and individual consultants.
- 5.3 All applicants and bidders must not be included in the conditions described below, constituting exclusion criteria:

The Procuring Entity will accept, as satisfactory evidence, that the applicant or bidder is not in the situation described in (d), on submission of a recent certificate issued by the competent authority of the State concerned. If the documents are copies, they shall be certified by a public notary. However, at the Procuring Entity request, the applicant or bidder must be able to provide any original document.
- 5.10 If sub-contractors are employed by the applicant or bidder, the same rules apply.

- 5.11 If the supporting documents are not written in English, an official and certified translation into English must be attached.
- 5.12 If so stated in the **PDS**, for contracts with a value less than the international threshold (US\$ 300,000) and based on its risk assessment, the Procuring Entity may waive the obligation of submission of the documentary proof for exclusion criteria. However, when this obligation has been waived, the Procuring Entity shall still request a sworn / solemn statement issued by the interested party in front of a judicial or administrative authority, a notary or a qualified professional body from the applicant's country, Nevertheless, the Procuring Entity – at its own criteria- keeps the right to request bidders documents proving their compliance to the eligibility conditions.
- 5.13 Contracts may not be awarded to applicants or bidders who, during the procurement procedure:
