Over 164 SEOM teams were deployed to all the 10 Provinces of Zimbabwe, each team comprising of two to three persons. Each team has at least a vehicle and that means at least 170 vehicles on the ground including those at the SEOM Headquarters.

Each team member was provided with SADC Observer uniform consisting of a sleeveless jacket, two t-shirts, a cap and a bag for ease identification in the field. Each team was provided with a vehicle befitting the terrain they are to operate in, mostly 4 x 4, a mobile phone starter pack and airtime to keep in touch with both the role players in the constituencies they are deployed in as well as with the SEOM Headquarters, enabling them to send reports on a daily basis. These reports, together with all other electoral engagements including the actual polling inform the SEOM Preliminary Statement at the end of the elections.
