1. Introduction

1.1 The Procuring Entity named in the Data Sheet will select a firm among those listed in the Letter of Invitation, in accordance with the procurement method indicated in the Data Sheet, and the edition of the Guidelines indicated in the Data Sheet.

1.2 The shortlisted Bidders are invited to submit a Technical Proposal and a Financial Proposal for consulting services required for the assignment named in the Data Sheet and presented in details in the Terms of Reference attached as Section 5 of this Request for Proposal. The proposal and the Terms of Reference will be the basis for a signed contract with the successful firm.

1.3 The assignment shall be implemented in accordance with the phasing indicated in the Data Sheet. When the assignment includes several phases, the performance of the Bidder under each phase must be to the Procuring Entity’s satisfaction before work begins on the next phase.

1.4 The Bidders must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain firsthand information on the assignment and on the local conditions, Bidders are encouraged to request the Procuring Entity to provide further information before submitting a proposal and to attend a pre-bid conference if one is specified in the Data Sheet. Attending the pre-proposal conference is optional. The Bidders’ representative should contact the Procuring Entity at the address stated in the Data Sheet or to obtain additional information on the pre-bid conference.

1.5 The Procuring Entity will provide the inputs specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
1.6 Please note that (i) the costs of preparing the proposal, including a visit to the Procuring Entity, are not reimbursable as a direct cost of the assignment; and (ii) the Procuring Entity is not bound to accept any of the proposals submitted.

1.7 SADC Secretariat policy requires that Bidders provide professional, objective, and impartial advice and at all times hold the Procuring Entity’s interests paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Bidders shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the assignment in the best interest of the Procuring Entity.

1.7.1 Bidders will be excluded from the bidding process if it will be in a conflict of interest situation as described below:

(a) Conflict between consulting activities and procurement of goods, works or services (consulting or general). A bidder or a contractor that has been engaged by the SADC Secretariat or the Procuring Entity to provide goods, works, or services for the organization, and each of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a bidder or a contractor hired to provide consulting services for the preparation or implementation of a project, and each of its affiliates, shall be disqualified from subsequently providing goods, works or general services resulting from or directly related to the contractor’s consulting services for such preparation or implementation.

(b) Conflict among consulting assignments: Neither, bidders or contractors (including their personnel and sub-Bidders) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the bidder or contractor. For instance, a contractor assisting SADC Secretariat or the Procuring Entity to implement a project shall not be engaged to prepare an independent assessment for the implementation of the same project, or contractors hired to prepare Terms of
Reference (TOR) for an assignment shall not be hired for the assignment in question.

(c) Relationship with SADC Secretariat’s or the Procuring Entity’s staff: bidders or contractors (including their personnel and sub-contractors) having business or family relationship with a member of the SADC Secretariat’s or the Procuring Entity’s staff directly or indirectly involved in any part of: (i) the preparation of the TOR or Technical Specification of a contract, (ii) the selection process for such contract, or (iii) the supervision of the contract, may not be awarded the contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the SADC Secretariat throughout the selection process and the execution of the contract.

1.7.2 Since previous or ongoing participation in relation to the assignment by the Bidder, its professional staff, or its affiliates or associates under a contract with the SADC Secretariat and Procuring Entity may result in rejection of the proposal, the bidders should clarify their situation in that respect with the Procuring Entity before preparing the proposal.

1.7.3 Bidders may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in the Data Sheet and the factors used for the selection of the Bidder should take the likelihood of continuation into account. It will be the exclusive decision of the Procuring Entity whether or not to have the downstream assignment carried out, and if it is carried out, which Bidder will be hired for the purpose.

1.8 It is the SADC Secretariat’s policy to require that Procuring Entity’s staff as well as Bidders under SADC Secretariat-financed contracts, observe the highest standard of ethics during the selection and execution of such contracts. In pursuance of this policy, the SADC Secretariat:

3. Preparation of Proposal

3.1 Bidders are requested to submit a proposal written in the language indicated in the Bid Data Sheet. All correspondence between the Bidder and Contracting Authority shall be in this language.

Technical Proposal

3.2 In preparing the Technical Proposal, Bidders are expected to examine the documents constituting this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a proposal.

3.3 While preparing the Technical Proposal, Bidders must give particular attention to the following:

(i) If a Bidder considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual Bidder(s) and/or subcontract part of the services to other consulting firms, as appropriate. In case of subcontracting this shall be in the limit stated in the Data Sheet but under no circumstances shall exceed forty percent (40%) of the total staff-days input. The Bidders are encouraged to seek the participation of regional Bidders when subcontracting part of the assignment. Under no circumstances, the Bidders shall associate with the other short listed Bidders, or their affiliates, invited for this assignment. Affiliates are the group of companies, firms, associations, etc. where the Bidder or any of the major shareholders owns a minimum of twenty percent (20%) of shares of the share capital. For the same purpose, major shareholder is any legal or physical person who owns no less than twenty percent (20%) of the shares of the Bidder.

(ii) For assignments on a staff-time basis, the estimated number of professional staff-days is given in the
Data Sheet. The proposal shall, however, be based on the number of professional staff-days estimated by the Bidders.

(iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relationship with it.

(iv) Proposed professional staff must, at a minimum, have the experience indicated in the Terms of Reference, preferably working under conditions similar to those prevailing in the country(ies) of the assignment.

(v) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) must be submitted for each position.

(vi) Reports to be issued by the Bidders as part of this assignment must be in the language(s) specified in the Data Sheet. It is desirable that the firm’s personnel have a working knowledge of the official languages of the country (ies) of the assignment.

3.4 The Technical Proposal shall provide the following information using the attached Standard Forms (Section 3):

(i) Any comments or suggestions on the Terms of Reference on facilities to be provided by the Procuring Entity and on Standard Form of Contract (Form Tech 2).

(ii) A description of the methodology and work plan for performing the assignment (Form Tech 3).

(iii) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their timing (Form Tech 4).

(iv) CVs recently signed by the proposed professional staff (Form Tech 5). Key information should include number of years working and positions and responsibilities held in various assignments during the last ten (10) years. To be considered during the
evaluation, **the CV shall be accompanied by proof of all stated qualifications and working experience.** The proof qualifications shall be in the form of the copies of the degrees and diploma obtained, while for the professional experience the proof shall be either acknowledgement letters from the previous employers or copies of the contracts signed with them. If the language of these documents is not the English language, they shall be accompanied by a certified translation into English.

(v) Estimates of the total staff input (professional and support staff; staff time) needed to carry out the assignment, supported by bar chart diagrams showing the time proposed for each professional staff team member (Form Tech 6 and 7).

(vi) A detailed description of the proposed methodology, staffing, and monitoring of training, if **the Data Sheet** specifies training as a major component of the assignment.

(vii) Any additional information requested in **the Data Sheet**.

3.5 The Technical Proposal shall not include any financial information. If financial information is included in the technical proposal this will be automatically disqualified.

**Financial Proposal**

3.6 In preparing the Financial Proposal, Bidders are expected to take into account the requirements and conditions outlined in the RFP documents. The Financial Proposal should follow Standard Forms (Section 4). It lists all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and at headquarters), and (b) reimbursable expenses such as subsistence (per diem, housing), transportation (international and local, for mobilization and demobilization), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance, printing of documents, surveys, and training, if it is a major component of the assignment. The Reimbursable expense shall cover only the cost indicated in **the Data Sheet**. All other cost estimated by the bidders for the execution of the assignment shall be included in the daily fees of the experts.
3.7 The Financial Proposal shall not include the local taxes (including social security), duties, fees, levies, and other charges imposed under the applicable law in the Procuring Entity’s country or in the countries of assignment, on the Bidders, the subcontractors, and their personnel (other than nationals or permanent residents of the Procuring Entity’s country), unless the Data Sheet specifies otherwise. For this purpose, the bidders’, the subcontractors’ and their personnel’ home countries shall not be considered as countries of assignment.

3.8 If so specified in the Data Sheet, the Financial Proposal must include, without any modification, the amount indicated as fixed reimbursable expenses, to cover for the expenditures already priced by the Procuring Entity (ie, cost of trainings, cost of study tours, cost of financial audits, cost of equipments, etc).

3.9 The total budget available for this assignment, including the taxes indicated at para. 3.7 and the reimbursable expenses indicated at para 3.8, is indicated in the Data Sheet. Financial Proposal exceeding the available budget will be rejected as non responsive.

3.10 Bidders must express the price of their services in USD. The payment will be made in USDs, and the Bidder shall bear all the cost and risks implied by the currency exchange. Financial Proposals expressed in other currencies than USDs will be automatically disqualified.

3.11 Commissions and gratuities, if any, paid or to be paid by Bidders and related to the assignment will be listed in the Financial Proposal submission form (Section 4A).

3.12 The Data Sheet indicates how long the proposals must remain valid after the submission date. During this period, the Bidder is expected to keep available the professional staff proposed for the assignment. The Procuring Entity will make its best effort to complete evaluation within this period. If the Procuring Entity wishes to extend the validity period of the proposals, the Bidders who do not agree have the right not to extend the validity of their proposals.
4. Submission, Receipt, and Opening of Proposals

4.1 The original proposal (Technical and Financial Proposal) shall be prepared in indelible ink. It shall contain no interlineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialed by the persons or person who sign(s) the proposals.

4.2 An authorized representative of the firm initials all pages of the proposal. The representative’s authorization is confirmed by a written power of attorney accompanying the proposal.

4.3 For each proposal, the Bidders shall prepare the number of copies indicated in the Data Sheet. Each Technical Proposal and Financial Proposal shall be marked “ORIGINAL” or “COPY” as appropriate. If there are any discrepancies between the original and the copies of the proposal, the original governs.

4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked “Technical Proposal,” and the original and all copies of the Financial Proposal in a sealed envelope clearly marked “FINANCIAL PROPOSAL” and warning: “DO NOT OPEN WITH THE TECHNICAL PROPOSAL.” Both envelopes shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and other information indicated in the Data Sheet and be clearly marked, “DO NOT OPEN, EXCEPT IN PRESENCE OF THE EVALUATION COMMITTEE.” Information on the outer and inner envelopes should also include the name of the Bidder and the contract name and reference number.

4.5 The completed Technical and Financial Proposals must be delivered at the submission address on or before the time and date stated in the Data Sheet. Any proposal received after the closing time for submission of proposals shall automatically be rejected and shall be returned unopened to the Bidder.

5. Proposal Evaluation

General

5.1 From the time the bids are opened to the time the contract is awarded, if any Bidder wishes to contact the Procuring
Entity on any matter related to its proposal, it should do so in writing at the address indicated in the Data Sheet. Any effort by the firm to influence the Procuring Entity in the Procuring Entity’s proposal evaluation, proposal comparison or contract award decisions may result in the rejection of the Bidder’s proposal.

5.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation, including any SADC Secretariat reviews, is concluded.

5.3 The Procuring Entity shall conduct the bid opening in public at the address, date and time specified in the Data Sheet. Only the representatives of the bidders and the Evaluation Committee members are allowed to participate in public opening sessions. Any other interested person shall request, in writing, the SADC Secretariat’s permission to participate in a specific bid opening session.

5.4 The bid opening shall commence with the Chairperson of the Tender Committee reading out the Bidders’ names and the time of arrival of the proposal. A registration number will be given to each proposal. All envelopes shall be opened one at a time, by the Chairperson of the Evaluation Committee, in order of their arrival.

5.5 At the opening, only the Technical Proposal envelope shall be opened immediately and checked for compliance with formal submission requirements by the evaluation committee. The Financial Proposal shall remain sealed and deposited in a safe place until all submitted proposals, of technically responsive bids, are opened publicly.

5.6 No Bid shall be rejected at Bid opening except for late bids, in accordance with ITB Sub-Clause 4.5. Only envelopes that are opened and read out at Bid opening shall be considered further.

5.7 The Procuring Entity shall prepare the minutes of the Bid opening that shall include a brief description of the bid opening procedures and its findings. The Bidders’ representatives who are present shall be requested to sign the attendance sheet. A copy of the minute shall be distributed to all Bidders who submitted bids in time.

5.8 Once the Proposal opening is concluded, the Evaluation Committee, as a whole, and each of its voting members
individually, evaluates the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, subcriteria (typically not more than three per criteria), and point system specified in the Data Sheet. Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.

Public Opening and Evaluation of Financial Proposals: Ranking

5.9 After the evaluation of quality is completed, the Procuring Entity shall notify those Bidders whose proposals did not meet the minimum qualifying mark or were considered nonresponsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned unopened after completing the selection process. The Procuring Entity shall simultaneously notify the Bidders that have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals. The opening date shall not be sooner than 5 days after the notification date. The notification may be sent by registered letter, cable, telex, facsimile, or electronic mail.

5.10 The Financial Proposals shall be opened publicly in the presence of the Bidders’ representatives who choose to attend. The name of the Bidder, the technical scores, and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Procuring Entity shall prepare minutes of the public opening.

5.11 The evaluation committee will determine whether the Financial Proposals are complete (i.e., whether they have costed all items of the corresponding Technical Proposals; if not, the Procuring Entity will cost them and add their cost to the initial price), correct any computational errors, and determine if the total price is within the maximum budget available. The evaluation shall exclude those taxes, duties, fees, levies, and other charges imposed under the applicable law; and to be applied to foreign and non-permanent resident Bidders (and to be paid under the contract, unless the Bidder is exempted), and estimated as per para. 3.7. Should the Financial Proposal, after applying any correction or adjustments, exceeds the available budget for the assignment indicated at paragraph 3.9, this shall be automatically disqualified.
5.12 Once corrections or adjustments have been applied, the Financial Proposal shall be adjusted with the Regional Preference. This implies that a bid offering fifty percent (50%) or more expertise (experts) from the SADC Region will be discounted, for the purpose of evaluation only, with fifteen percent (15%).

For the purpose of calculation of the of the percentage of regional expertise, the basis shall be the total number of key staff days allocated to regional experts in the overall allocation of key staff resources proposed by the bidder.

5.13 The lowest Financial Proposal (Fm) will be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights \( T = \text{the weight given to the Technical Proposal; } P = \text{the weight given to the Financial Proposal; } T + P = 1 \) indicated in the Data Sheet: \( S = St \times T\% + Sf \times P\% \). The firm achieving the highest combined technical and financial score will be awarded the contract.

6. **Negotiations of Contract**

6.1 The Client, prior to award the contract, may enter into negotiation with the successful bidder in order to confirm the availability of proposed Professional staff, incorporation in the methodology of the aspects for which clarifications were requested during the evaluation and the modification of the schedule of mobilization of the team and submission of deliverables under the contract.

6.2 No negotiation on the: (i) composition of the proposed professional staff team, (ii) individual or overall professional staff inputs, (iii) unit or total price, and/or (iv) proposed methodology is allowed.

6.3 As far as possible, the negotiation shall be conducted in writing. Only on exceptional circumstances, the Client and the successful shall meet for negotiations. In such case the meeting shall take place at the address indicated in the Bid Data Sheet.

6.4 Having selected the Consultant on the basis of, among
other things, an evaluation of proposed Professional staff, Client will require assurances that the Professional staff will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

6.5 The negotiations shall be recorded in a minute of the negotiations and be attached as annex to the contract.

7. **Award of Contract**

2.6.5. Following the receipt of the Contractor's proposal, the Task Manager shall decide as soon as possible whether or not the variation shall be carried out. If the Task Manager decides that the variation shall be carried out he/she shall issue the administrative order
stating that the variation shall be carried out under the conditions given in the Contractor's proposal or as modified by the Task Manager in accordance with or pursuant to Clause GC 2.6.4.

2.6.6. On receipt of the administrative order requesting the variation, the Contractor shall proceed to carry out the variation and be bound by these General Conditions in so doing as if such variation were stated in the contract.

(b) Furthermore, if the Contractor, as part of the Services, has the responsibility of advising the Contracting Authority on the procurement of goods, works or services, the Contractor shall comply with the SADC Secretariat’s applicable procurement guidelines, and shall at all times exercise such responsibility in the best interest of the Contracting Authority. If any of the Key Personnel has already been approved by the Contracting Authority, his/her name is listed as well.

(b) If required to comply with the provisions of Clause GC 3.1.1 hereof, adjustments with respect to the estimated periods of engagement of Key Personnel set forth in Appendix B may be made by the Contractor by written notice to the Contracting Authority, provided: (i) that such adjustments shall not alter the originally estimated period of engagement of any individual by more than 10% or one week, whichever is larger, and (ii) that the aggregate of such adjustments shall not cause payments under this Contract to exceed the ceilings set
forth in Clause GC 6.1(b) of this Contract. Any other such adjustments shall only be made with the Contracting Authority’s written approval.

(c) If additional work is required beyond the scope of the Services specified in Appendix A, the estimated periods of engagement of Key Personnel set forth in Appendix B may be increased by agreement in writing between the Contracting Authority and the Contractor. In case where payments under this Contract exceed the ceilings set forth in Clause GC 6.1(b) of this Contract, this will be explicitly mentioned in the agreement.

4.3 Approval of Personnel

The Key Personnel and Sub-Contractors listed by title as well as by name in Appendix B are hereby approved by the Contracting Authority. In respect of other Personnel which the Contractor proposes to use in the carrying out of the Services, the Contractor shall submit to the Contracting Authority for review and approval copies of their Curricula Vitae (CVs). (b) The Key Personnel shall not be entitled to be paid for overtime nor to take paid sick leave or vacation leave except as specified in Appendix B hereto, and except as specified in such Appendix, the Contractor’s remuneration shall be deemed to cover these items. If, for any reason beyond the reasonable control of the Contractor, such as retirement, death, medical incapacity, among others, it becomes necessary to replace any of the Personnel, the Contractor shall forthwith provide as a replacement a person of equivalent or better qualifications.

(b) If the Contracting Authority: (i) finds that any of the Personnel has committed serious misconduct or has been charged with having committed a criminal action, or (ii) has reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Contractor shall, at the Contracting Authority’s written request specifying the grounds therefore, forthwith provide as a replacement a person with qualifications and experience acceptable to the Contracting Authority.

(c) Any of the Personnel provided as a replacement under Clauses (a) and (b) above, as well as any reimbursable expenditure the Contractors may wish to claim as a result of such replacement, shall be subject to the prior written approval by the Contracting Authority. Except as the Contracting Authority may otherwise agree: (i) the Contractor shall bear all additional travel and other costs arising out of or incidental to any removal and/or replacement, and (ii) the remuneration to be paid for any of the Personnel provided as a replacement shall not exceed the remuneration which would have been payable to the Personnel replaced.

The Contracting Authority will be responsible for any damage to such land or any property thereon resulting from such access and will indemnify the Contractor and each of the Personnel in respect of liability for any such damage, unless such damage is caused by the default or negligence of the Contractor or any Sub-Contractors or the Personnel of either of them.

5.3 Change in the Applicable Law Related to Taxes and Duties

If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost incurred by the Contractor in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Contractor under this Contract shall be increased or decreased accordingly by agreement between the Parties hereto, and corresponding adjustments shall be made to the ceiling amounts specified in Clause GC 6.1(b).

(c) Professional and support counterpart personnel, excluding Contracting Authority’s liaison personnel, shall work under the exclusive direction of the Contractor.
