

Guide to Giving

US\$ 2.1B

Required

(as of 15 September 2016)

41M

Affected People

Contributing to individual Emergencies and Strategic response plans

To see the country's humanitarian response plan and donate directly to organizations participating in the plan, please get in touch with the respective organisations as outlined in the plans and inform the National Disaster Management Authority of your contribution.

Visit www.sadc.int/el-nino to access the response plans

If you want to donate to a central fund for the country, get in touch with the National Disaster Management Authority (NDMA)*

For the SADC El Nino Logistics and Coordination Team

If you want to contribute to the running of the SADC El Nino Logistics and Coordination team

Kindly get in touch with SADC : elninoreponse@sadc.int

Registering and Recognizing your Contributions

SADC will be tracking the financial and in-kind contributions to Member States and will be publishing them on a regular basis.

Kindly send your contributions to: elninoreponse@sadc.int

In-Kind Relief Aid

Please contact the National Disaster Management Authority* in the respective Member State

A resilience approach requires donors to operate differently in supporting humanitarian efforts.

- **Multi-year humanitarian financing** is critical to sustain and increase the impact of assistance in chronic humanitarian crises;
- **Equitable funding of all key sectors** across the response plan is essential to deliver an integrated and sustainable response to chronic and acute challenges such as malnutrition, epidemics, displacement or food insecurity;
- **Early financing** is necessary to anticipate the inherently seasonal nature of Southern Africa's humanitarian challenges and respond on time to cyclical peaks of acute needs.
