

Strengthening National-Regional Linkages in SADC Programme (SNRL)

Call for Proposals: Apply for Technical Assistance

Project Description

The SNRL II Programme seeks to address key challenges that hinder success of regional integration in SADC by focusing on improving the linkages between SADC and its Member States through the provision of capacity building programmes for national structures that are responsible for coordination of regional integration initiatives and support and alignment between regional protocols and policies in the Member States. The programme also enhances coordination, planning implementation, monitoring and evaluation of SADC policies, protocols, and legal instruments. Furthermore, SNRL II will venture to build awareness of the benefits of regional integration among key stakeholders.

Thematic Areas

Gender-sensitive policy proposals for implementing SADC protocols and strategies

Cross-institutional coordination structures for regional integration

Innovative approaches for resource mobilisation (e.g. white papers by national implementing structures)

Capacity Building on Communication on SADC flagship programmes and strategies

Documenting good practices
